Dear Mr. Maheshwar Raw,

Greetings from RiseSharp.

As discussed, our CEO Mr. Vasu Reddy will be visiting India from 29th of December 2018 to 11th of January 2019. He has a passion to interact with the graduates and mentor them to "Successful Career paths".

In this context, I would like to know the feasibility of arranging a seminar with your students between 2nd January to 11th of January 2019

(excluding 7th & 8th of January) on topics -

1) Experience Comes in All Shapes and Sizes.

Mr. Vasu pursued education both in the Indian and Western worlds. He has a first hand experience of the challenges faced by Indian students when they compete globally. One critical factor Indian students need to focus on priority is "building experiences in their profiles" while studying.

He is of the strong opinion that educational Institutes in India do provide opportunities for the gaining experiences. The focus of the talk would be to identify such opportunities, by the student, and connecting them to the bigger picture.

2) Entrepreneurship.

Mr. Vasu is a successful serial entrepreneur and a regular guest speaker at colleges on how to gain valuable experience while in college and how to transition from college to career successfully.

Brief profile of Mr. Vasu Reddy,

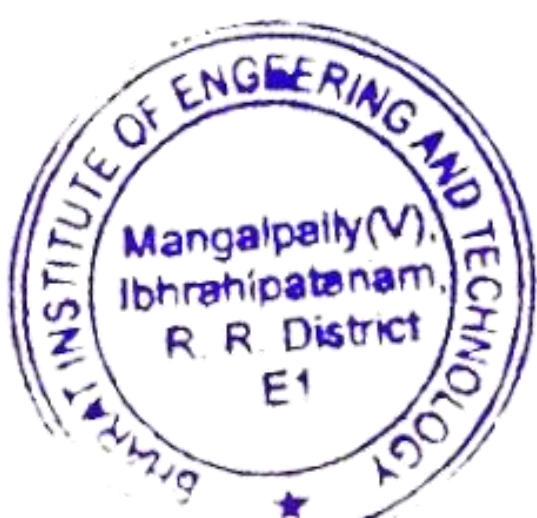

Vasu Reddy

Co-Founder & CEO

Most recently, Vasu founded and built SpanOne in US, and its FirstReach Program, with the simple goal of helping high school students achieve their college goals.

Prior to SpanOne, Vasu spearheaded a strategic transformation of a \$300M digital business at Dex Media (Thryv). Previously, Vasu founded an on-demand talent management company, Boniva Software. He served as CEO from its inception in 2000 until it was acquired by SSA Global (Infor) in 2005.

Ranga Reddy (Dist)-Telangana-501510

Before founding Boniva Software, Vasu worked at Lucent Technologies and Intel Corporation in the areas of corporate strategy, mergers and acquisitions, and financial planning.

Vasu obtained an MBA from Columbia University, an MS in Computer Science from Stevens Institute of Technology, a BE in Mechanical Engineering from Shivaji University, and a Diploma in Mechanical Engineering from Government Polytechnic College in Warangal.

Vasu is a parent of three children...UC Berkeley graduate, Stanford University student, and a BASIS Independent Silicon Valley student. He strongly believes that a good education, coupled with early career guidance, can make a huge difference in the lives of today's youth.

Looking forward to hear from you
