

6.3.3 Average number of professional development /administrative training programs organized by the institution for teaching and non teaching staff during the last five years

Year	2018-19	2017-18	2016-17	2015-16	2014-15
Professional Development Program Organized For Teaching Staff	19	11	22	9	05
Administrative Training Program Organized For Non-Teaching Staff	02	06	01	0	0
Total	21	17	23	9	5

A.Y - 2018-2019

SI No	Dates (from-to) (DD-MM-YYYY)	Title of the professional development program organized for teaching staff	Title of the administrative training program organized for non-teaching staff	No. of participants
1	01.04.2019 to 05.04.2019	Workshop on Practical applications on FPGA SOC.		42
2	07.03.2019 to 11.03.2019	WORKSHOP ON CYBER SECURITY		49
3	11.03.2019 To 16.03.2019	One week short term training programme (stp) for integration and control of embedded electrical system with lab view software		35
4	25.03.2019 to 29.03.2019	Workshop on the role of students for the progress of our country and concept of services		20
5	11.03.2019 To 16.03.2019	Workshop on Basics of missile Control System		20
6	11.02.2019 to 15.02.2019	Workshop on Advance Manufacturing Processes		25
7	15.02.2019 to 19.02.2019	Workshop on gender sensitization		48
8	16.02.2019 to 21.02.2019	workshop on "Modern technologies in indian railways"		35
9	18.02.2019 to	Workshop on Advanced		25

BHARAT INSTITUTE OF ENGINEERING AND TECHNOLOGY Mangalpally (Village),
Ibrahimpattam (Mandal), Ranga Reddy (District), Telangana-501510

	22.02.2019	welding processing		
10	25.02.2019 to 01.03.2019	Workshop on Advanced Non Destructive Testing Methods		25
11	05.01.2019 to 09.01.2019	workshop on 'REAL TIME POWER QUALITY ASSESSMENT & ENERGY AUDIT'		36
12	07.01.2019 to 11.01.2019	workshop on cognitive skills		60
13	09.01.2019 to 13.01.2019	Workshop on antennas for phased array Radars		45
14	21.01.2019 to 25.01.2019	Workshop on Digital Image processing		42
15	28.01.2019 to 01.02.2019	AICTE recognized short term course on Digital System Design through ICT		40
16	31.01.2019 to 01.02.2019	Workshop on research methodology		150
17	05.12.2018 To 11.12.2018	Workshop on EDUCATIONAL, LEARNING AND RESERACH SOURCES	Workshop on EDUCATIONAL, LEARNING AND RESERACH SOURCES	170
18	10.12.2018 to 14.12.2018		Workshop on Lab Safety And Maintenance	5
19	12.11.2018 to 16.11.2018	Workshop on applications of GPS		25
20	04.10.2018 to 08.10.2018	Workshop on unconventional machining process		33
21	14.09.2018 to 18.09.2018	Workshop on quality engineering in production		33

Description/Conclusion: Cyber security refers to the body of technologies, processes, and practices designed to protect networks, devices, programs, and data from attack, damage, or unauthorized access. Cyber security may also be referred to as information technology security. Cyber security is important because government, military, corporate, financial, and medical organizations collect, process, and store unprecedented amounts of data on computers and other devices. A significant portion of that data can be sensitive information, whether that be intellectual property, financial data, personal information, or other types of data for which unauthorized access or exposure could have negative consequences. Organizations transmit sensitive data across networks and to other devices in the course of doing businesses, and cyber security describes the discipline dedicated to protecting that information and the systems used to process or store it. As the volume and sophistication of cyber attacks grow, companies and organizations, especially those that are tasked with safeguarding information relating to national security, health, or financial records, need to take steps to protect their sensitive business and personnel information.

Analysis/Action Taken: This workshop concludes that Cyber Security is very much challenged now a days because of the widespread of Information Technology. Every day we hear the news of occurrence of many cyber crime incidents in day to day lives of people. This training on Cyber Security contributes greatly to students and teaching and non teaching faculty. It gives good knowledge of the motives behind these crimes and how to safeguard ourselves against these cyber crimes. This study concludes that organizations having good awareness on cyber security and training plans for employees can enhance the performance of employees and motivate them in updating their technical knowledge.

Sl No	Description	Details
1	Name Of The Activity	ONE WEEK SHORT TERM TRAINING PROGRAMME (STTP) FOR INTEGRATION AND CONTROL OF EMBEDDED ELECTRICAL SYSTEM WITH LAB VIEW SOFTWARE.
2	Date Of Conduction	11 th to 16 th March 2019
3	Number of Participants	20
4	Venue	SET LAB, BIET
5	Chief Guest/Speakers	NI-R&D Centre, Bangalore

Description:

Short Term Training Program (STTP) 2019 has been worked out in SET LAB of EEE Dept. in consultation with NBA coordinator. In this direction, Director R&D has taken initiative to have a full scale STTP with facilities involved in SET LAB for "Integration and Control of Embedded Electrical System with Lab View Software". This "HANDS ON ENGINEERING" programme will be useful for the participants Academic, Development and Research work leading to innovative solutions. This will also help us to get projects from R&D institutes and organizations which demands thorough Testing, Verification and Validation. Following objectives were met in this programme: 1. NI System, MyRio Embedded Platform with full I/Os and sensors along with an Inverted Pendulum for Embedded Control System Testing Verification and Validation is functional with LABVIEW SOFTWARE. 2. Robotic Platform with full I/Os and sensors is also functional with LABVIEW SOFTWARE for diving ROBOT in various trajectory profiles. 3. DATA Acquisition System (MyDAQ) is also functional for collecting various data with number of sensors for necessary analysis and design with LABVIEW SOFTWARE and MyRIO embedded state of the art platform. 4. All Control System Tools were used for time response, frequency response, bode plot etc. with various P, PI, PID Controllers for both hardware plant (Inverted Pendulum etc.) as well as Software Model in Real Time. 5. All the necessary object and executable codes are available with SETLAB members and source code with necessary authentication will be available with Dr. SKC. This will facilitate to change control system design with necessary changes for Embedded Software. Further, the plant code will also be transferred to SETLAB as promised by NI System. 6. A perpetual license for LABVIEW etc. is given to SETLAB for two systems.

Analysis/Action Taken:

Based on the feedback from the participants some corrective measures were taken. In future also the same kind of workshops will be organized.

Description:

The department of Electrical and Electronics Engineering conducted an ISTE sponsored five day national level workshop on "Real Time Power Quality assessment & Energy Audit", by Mr. R. Sanpath, Regional Manager, HIOKI, Hyderabad branch, organized by Mr. Suresh, EEE Dept., Bharat Institute of Engineering and Technology, Hyderabad on 05th January 2019. "The essence of teaching is to make learning contagious"
ISTE sponsored One Day National Level Workshop on "Real Time Power Quality assessment & Energy Audit" during 5th January, 2019 to 9th January 2019.

Analysis/Action Taken:

Based on the feedback from the participants some corrective measures were taken. In future also, the same kind of workshops will be organized.

2	Date Of Conduction	31 st January 2019 to 4 th February 2019
3	Number of Participants	20
4	Venue	BIET Auditorium.
5	Chief Guest/Speakers	Dr. D. P. Kothari , former director of IIT Delhi and VIT, Vellore

Description:

The department of Electrical and Electronics Engineering conducted a five day workshop on "Research Methodology", organized by Dr.N.Balaji, Assistant Professor, EEE Dept., Bharat Institute of Engineering and Technology, Hyderabad on 31st January 2019 to 4th February 2019. "The science of today is the technology of tomorrow", Dr. D. P. Kothari , former director of IIT Delhi and VIT, Vellore act as the resource person for this workshop. All the participants gained more knowledge on the research methodology and got motivated towards research.

Analysis/Action Taken:

Based on the feedback from the participants some corrective measures were taken. In future also, the same kind of workshops will be organized.

2	Dates of Conduction	05-12-2018 to 11-12-2018
3	Number of Participants	52
4	Venue	Auditorium
5	Chief Guest/Speakers	Dr. Neeraj Kumar, MindSpace Solutions, Hyderabad

Description/Conclusion: Types of open educational resources include full courses, course materials, modules, learning objects, open textbooks, openly licensed (often streamed) videos, tests, software, and other tools, materials, or techniques used to support access to knowledge. Learning resources are texts, videos, software, and other materials that teachers use to assist students to meet the expectations for learning defined by provincial or local curricula. Before a learning resource is used in a classroom, it must be evaluated and approved at either the provincial or local level. Evaluation criteria may include curriculum fit, social considerations, and age or developmental appropriateness.

Research resources are usually thought of as primary sources and secondary sources. Primary sources can be firsthand accounts of actual events written by an eyewitness or original literary or artistic works. They may be letters, official records, interviews, survey results, or unanalyzed statistical data. These sources contain raw data and information, such as the original work of art or immediate impressions. Secondary sources, on the other hand, are usually discussions, evaluations, syntheses, and analyses of primary- and secondary-source information. We will generally use both primary and secondary sources throughout our academic career. When you use them, and in what combination, usually depends on what your research inquiry is and the discipline for which you are writing. If we are unclear about which sources to use, we shall ask our instructor for guidance.

Analysis/Action Taken: This workshop concludes that Educational, Learning and Research Sources contribute greatly to students' and employees' objectives and improved performance in comparison with other factors like technology, management behavior, working environment etc. The study shows that training has imparted the knowledge and awareness of the above things and thereby performance of students and employees. This study concludes that organizations having good training programs like this for students and employees can enhance the performance of them and motivates them.

“WORKSHOP ON LAB SAFETY AND MAINTENANCE”

INVITATION

We Are Pleased To Inform You That BIET Is Going To Organize FDP For Faculty Under Administrative Activity In This Regard Management Cordially Invite all the Faculty Members of Mechanical Engineering Department to attend Faculty Workshop On Lab Safety and Maintenance On 10.02.2018 To 14.02.2018 In BIET CAD Lab M204 At 10.00Am.

Chief Speakers : 1) Madan Reddy,Workshopmanager,Small parts,HMT.

Chief Patron
Ch.Venugopal Reddy
Chairman, Bharat Institutions

Guest of Honor Dr.B.Prasad Rao Director Training and Placement Former DGP, Government Of AP.	Guest of Honour Prof.G.Kumara Swamy Senior Director Former Director, DRDL, Hyd ,Govt Of India.
