Two Day Training Session on Personal Skills for IV and III Year Students by TASK

Date: 17th-18th November, 2018

Place: BIET, Hyderabad

IV Year

Mr. Vivek Modi, the trainer for IV has started the session with a positive note regarding self confidence. The Trainer briefed about the different modules which will be covered today and tomorrow. The trainer gave an assurance that the students will feel him like self motivated only if the session has a two way communication.

The following module covered by Dr. Vivel Modi are,

- Dependability,
- Adaptability,
- Motivation,
- Problem-solving,
- Curiosity and imagination and
- Analytical skills.

Apart from the above skills, the students were taught about Resume preparation, and Do's and Don'ts during interview.

The students gave a good feedback about the sessions, topic and trainer. But they have expressed displeasure in time allotted for each session.

Overall the training session have changed the perspectives of student in the positivity and build a self confidence to attend the Interview.

III Year

Ms. Nidhi Bandaru, the trainer for III has introduced herself and gave a brief about the modules for upcoming sessions. The training module for III year students comprised of,

- Motivation,
- Problem-solving,
- Imagination,
- Team work
- Presentation skills and
- Analytical skills.

The students gave a good feedback about the sessions, topic and trainer. The student felt that they have improved to adapt to change. And also able to make decisions and solve problems better.

Webinar and Hands-on Training on Verilog – 19/06/2019

Number of Students Benefitted – 59

MAVEN Technologies

Venue – NB Auditorium

Training Cell of Electronics and Communication Engineering Department organized a online hands on workshop on “VLSI Design using Verilog HDL” in association with Maven Silicon, Bangalore on 19/06/2019. This workshop was a great opportunity to understand VLSI Design and Verilog Coding from industry expert Mr P.R. Sivakumar, CEO- Maven Silicon with 20+years of experience in industry and Academia. The online program was designed and delivered in an amazing combination of Video lectures & Labs to empower the students with an all round understanding of the subjects. This online course covered information about various tools and design aspects of VLSI.

Training Outcome:

- *Job opportunities for Students.*
- *Internship opportunities for Students.*

CRITERION 5 – CAPACITY BUILDING AND SKILLS ENHANCEMENT INITIATIVES

ICT/Computing skills

MS- Office Basic – 09/07/2018

Number of Students Benefitted – 344

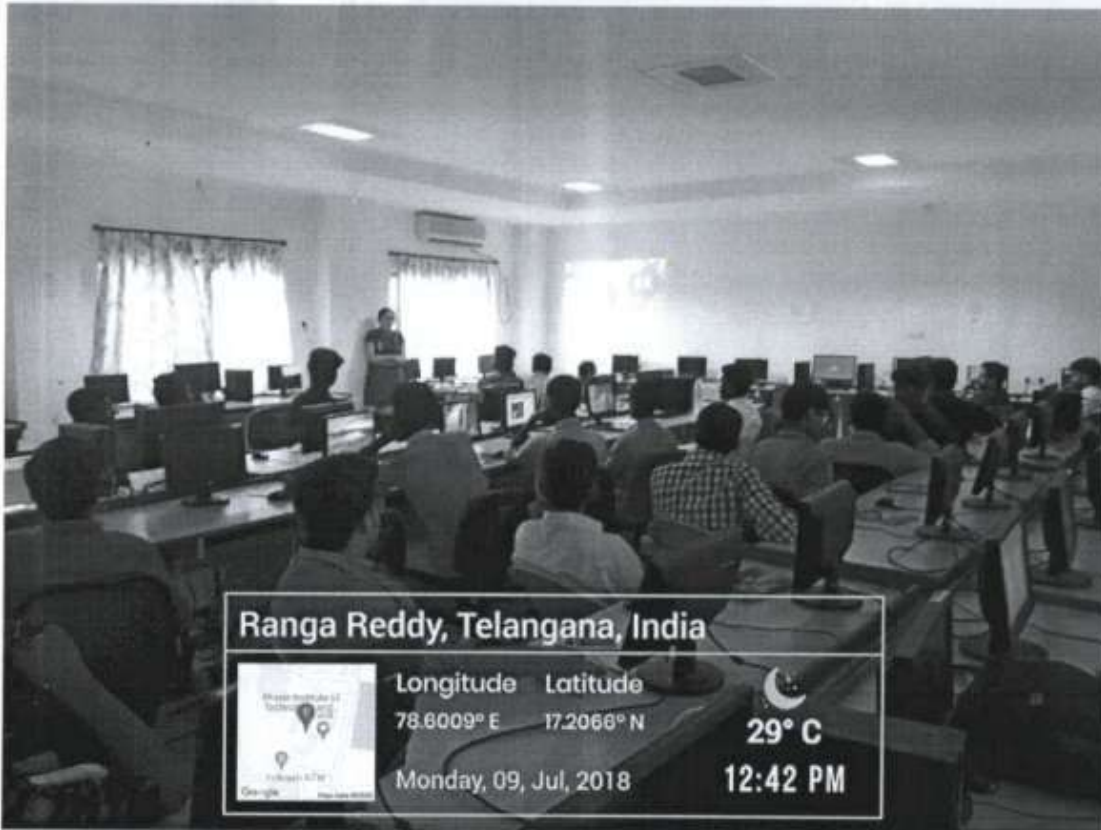

Trainer – Ms. Rashmi

Venue – CSE Labs

Ms. Rashmi, Assistant Professor of CSE Department conducted an training on Basics of MS Office for II, and III Year students of CSE branch. She has given a brief of different functions of Word, Excel and Power point. The training was intended to make students aware of certain shortcuts and also the different method of calculation in Excel. She has also given a presentation on Animation creation in Power point.

Training Outcome:

- Presentation for Events, Conference, and Project Review.
- Skills in excel to make calculation easier.

Effective Web Designing and Web Application – 21/08/2019

Number of Students Benefitted – 213

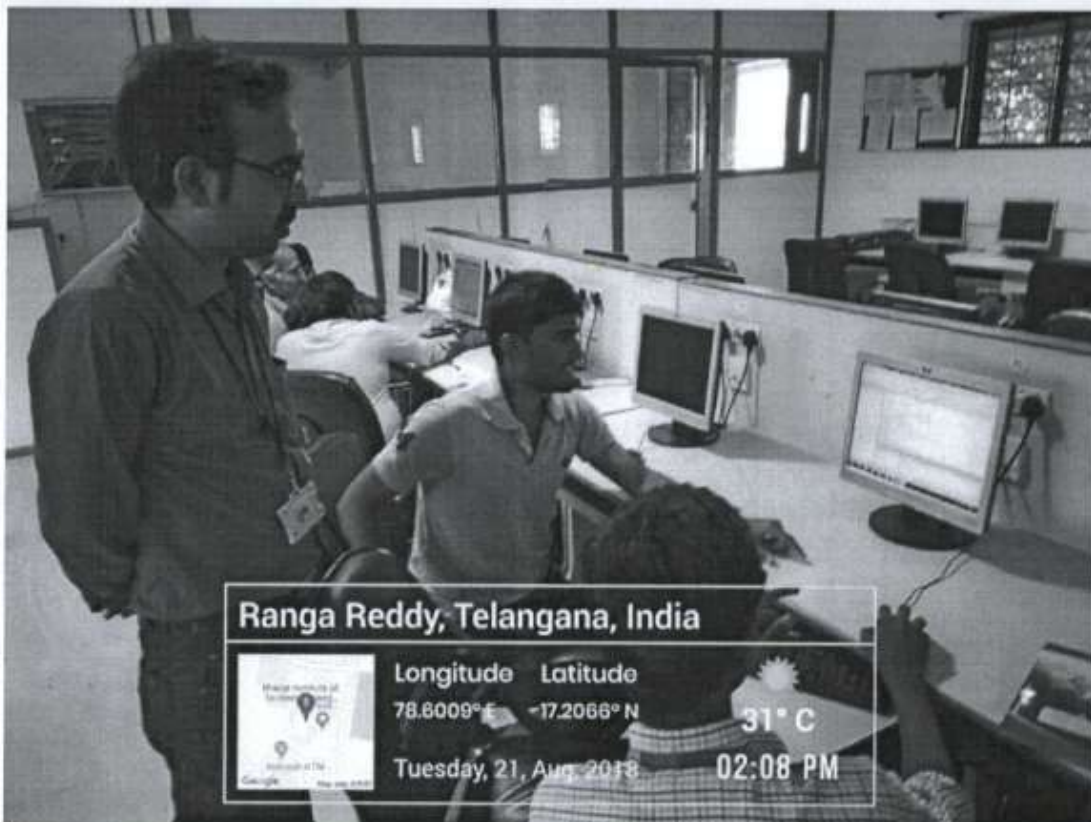

Trainer – Mr. Romy Sinha

Venue – CSE Lab

Mr. Romy Sinha, Assistant Professor of CSE Department conducted an training on Effective Designing of Website for III and IV Year students of CSE branch. He has given a basic knowledge of PHP training and gave a better difference of PHP and HTML. He gave a clear idea of "Make it simple and be a best sample". Students will get a real exposure of developing websites and web based applications.

Training Outcome:

- Job opportunities for Students.
- Internship opportunities for Students.

MATLAB/Simulink for Power Electronics Application – 10/08/2019

Number of Students Benefitted – 96

Trainer – Mr. Ramji Tiwari

Venue – Simulation Lab (M-206)

Mr. Ramji Tiwari, Assistant Professor of EEE Department conducted an training on MATLAB/Simulink for Power Electronics Application and other Drawing softwares for IV Year students of EEE branch. The Module consists of,

I- Training Slot: IV-A and IV-B (20/07/2018)

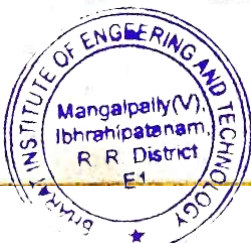

1. *How to prepare a presentation for the project review?*
 - *The students were taught how to start a presentation. List of topics to be covered while drafting a presentation.*
 - *The students were taught how to prepare a sentence in a point wise.*
 - *Students were asked to have uniformal font and justification with header and footer in each slides with slide number and topic of presentation with an example.*
 - *A sample PPT was shown for better understanding.*
2. *Students were taught with different software to draw block diagrams.*
 - a. *Microsoft VISIO (Licensed) and*
 - b. *Inkscape software (Free) were introduced to the students.*
 - *A sample diagram in VISIO is drawn for better understanding.*

II- Training Slot: IV-A and IV-B (27/07/2018)

1. *Students were taught how to give a non-linear input for the MATLAB/Simulink.*
 - *Hands-on Training using “signal builder” is given to the students.*
2. *Students were taught how to extract the result from MATLAB/Software.*
 - *Hands-on training using “to workspace” is given to students.*

III- Training Slot: IV-A and IV-B (10/08/2018)

1. *Students were taught how to design a DC/DC Converter in MATLAB/Simulink.*
 - *Hands-on Training “Boost Converter” is given to the students.*
2. *Students were taught how to use an online converter for determining the values of Inductor, Capacitor and Duty cycle.*
 - *Hands-on Training in “learn adafruit” is given to the students.*

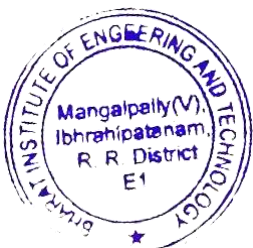

Training Outcome:

- Job opportunities for Students.
- Analysis before Hardware implementation.
- Project documentation.
- Effective presentation skills.
