## ANNUAL E-GOVERNANCE REPORT

The college has emphasized the need for devising suitable measures for quality education. Implementation of robust designs for quality assurance has been one of the imperatives for implementing the vision of the institution. The details are mentioned below:

### 1. ADMINISTRATION:

**Automation:** The College Administration has been equipped with computerized e-Cap Software which has been found to be satisfactory.

**Biometric:** Biometric system functioned effectively since the installation in the year 2017. Unfortunately, because of this COVID-19, we had to discontinue the biometric attendance from March 2020. It can be brought into the normal functioning as and when the direction is given by the State Government.

**CCTV:** Excellent and Modernized coverage of the BIET campus that includes places like corridors and canteen which helps the administration to monitor all the disciplinary issues at the maximum level. On the whole there are 40 cameras are installed.

### 2. FINANCE & ACCOUNTS:

The Institution has computerized TALLY Software for maintaining the Finance & Accounts for sustenance and has been found equally satisfactory. The accounts of the college are audited every financial year by a qualified and registered Chartered Accountant.

### 3. STUDENT ADMISSION & SUPPORT:

The Affiliating University JNTUH has a robust centralized admission system fully automated through which admission for all the affiliated colleges is done in 2 or 3 phases every year. The students admitted are directed to report at the concerned colleges on a specific date. College makes all the arrangements to receive students and their parents for an induction meeting wherein they will be explained about the college history, journey of the college, the present status of the college, visits to all laboratories, motivational speeches by Chairman, Directors, Principal and Senior Teachers. At the end of the day, the parents and guardians are satisfied about the safety of their ward. Departments on the whole, individual teachers in particular monitor movement of each student and mentor them throughout the Semester. During the first two weeks after the admission, the weak students are identified through a mock test and suitably Bridge and Remedial classes were conducted. As the course is in progress, students are also trained in good Communication Skills in addition the required skills in language for

their placement in the industries. Students are also trained through a placement and training center for absorption into jobs by various Companies in core as well as software industry.

BIET has NSS, Canteen, Girls' and Boys' Waiting Halls, PCR Support System, Playground, Separate Xerox Facilities for Students, Medical Facilities (For emergency, including Ambulance service, we have tied up with the Government Health Hospital, Ibrahimpatnam), Street Cause BIET, Younify Radio Campus. All these services are performed with the help of mobile Internet facility and mailing services.

**NAVNEXT BIET COLLEGE App to track Buses:** BIET has an excellent bus tracking app which enables the management to monitor ignition status.

#### 4. EXAMINATION:

For Quality Assessment, the college Examination System has been computerized for ensuring quality of the Educational Institution. There is an exclusive Examination Branch for the college supervised by the Principal of the College with the assistance of an Examination Coordinator. Examinations are conducted in a fair atmosphere. Question paper is supplied by Affiliating University through online 15 minutes before the commencement of the examination. Soon after the 1<sup>st</sup> half an hour is completed, the presentees'/absentees' statement is fed into the examination portal. After the conduction of the examination, answer scripts are sealed and sent to the University.

**Website:** BIET maintains and updates its website on regular basis which is governed by the website committee. After the publication of the results by the University, the results of the college are uploaded to the College website for the benefit of our students.

**Automation:** BIET uploads the Mid I and Mid II as well as lab Internal and External Examination marks in the automation.

##### **ECAP- Engineering College Automation Package**

###### **Introduction to ECAP**

ECAP stands for Engineering College Automation Package. It is designed and developed by Webpros Solutions Pvt. Ltd., Visakhapatnam. ECAP aims at immediate availability of data in required formats to ease the work of staff and management and increase in transparency and accountability in administration.

###### **Package Highlights:**

- a. Internet or Intranet enabled application
- b. User levels with access rights for data security
- c. Course/Batch/Category/Student fee dues reports
- d. Tracks performance of scholarship students
- e. Fee/Attendance reminders and progress reports
- f. Attendance & Marks analysis
- g. Integration with attendance capturing devices
- h. Accounts module similar to Tally
- i. Payroll integrated Staff module
- j. Barcode integrated Library module
- k. Login for students/parents to access data online

###### **Modules are as follows:**

1. ADMIN
2. ACADEMICS
3. PLACEMENTS
4. CORRESPONDENCE
5. ADMISSIONS
6. EXAMINATIONS
7. EMPLOYEE
8. LIBRARY

### **Benefits of ECAP:**

Campus automation software enables institutions of higher learning including colleges to manage admission and learning processes. They are designed and developed to provide real help in managing enrollment of students; attendance; monitoring faculty; providing fee details; scheduling assignments; grading students according to their performance and maintaining library.

The world is fast moving towards e-learning and all the institutions of higher learning are fast adopting the process of learning through the web. We help other institutions in adopting the latest technology. Our objective is to help remove the obstacles that other institutions could come across during the technology adoption process.

Ours is a comprehensive web based software with a multitude of user-friendly features all included in a very responsive design. The software would help in managing the entire system from academics to administration in a hassle free manner. The automated system allows teachers, students, parents and administrators to remain in touch with each other. It is for better communication and services.

**BIOMETRIC ATTENDANCE:**

Biometric devices ensure accurate attendance information that can be made available online and reflects the punctuality of faculty and students. It facilitates the Accounts department and HR department etc. to share faculty attendance information comfortably. This attendance is also reflected in the JNTUH Academic Audit Cell portal and keeps the attendance information transparent to the office of JNTUH Academic Audit Cell.

### 3. STUDENT ADMISSION AND SUPPORT

#### MODULE 5: ADMISSION MODULE

Admission module helps in the admission process. The process involves interacting with students and providing authentic information to the students. Our objective is to develop the software that can take the hassle out of the process and make it more user-friendly. While online submission of documents can solve the problem to a greater extent, our software goes a step ahead in helping the administrative staff in processing the applications. Admission module consists of the following sub modules.

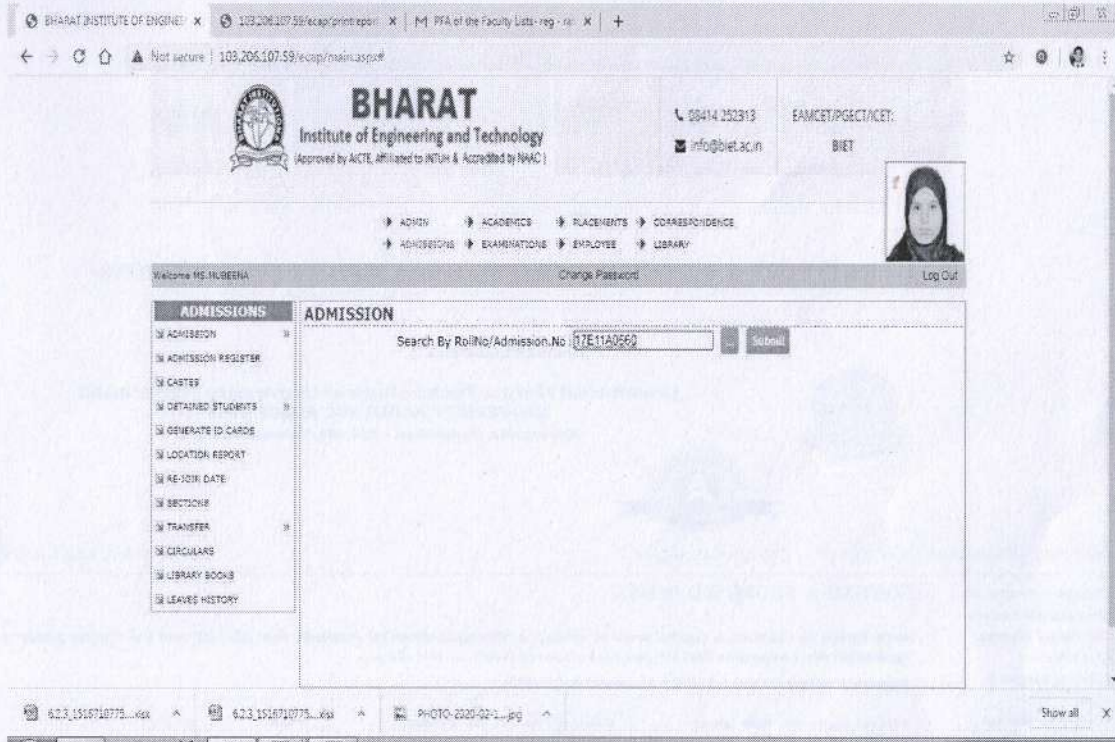

- **ADMISSIONS**
