whereas the Bharat Institute of Engineering and Technology the second part party running the Engineering courses and approached the society for collaboration. The MOU is executed for implementing the following activities at the college for the benefit of faculty and students at large

1. To conduct entrepreneurship development training programs to motivate the young Engineers to start their own startups.
2. To inculcate the culture of developing projects having social relevance using application technologies.
3. To offer training programs to interested faculty in conducting Research in application Technologies by providing necessary funding based on the merit of the concept.
4. To encourage students/faculty in writing research articles and technical papers by providing technical guidance and Conference Registration fee for selected good research articles.
5. To develop the technical skills in the students by conduction Hackathons and ideathons.

The college is expected to implement the activities to the benefit of maximum students by assigning two faculty committed to take up responsibility of motivating the students.

Report on the Project based Seminar: "What Next After Engineering? How to Become an Entrepreneur and Success or Failure of Entrepreneurship"

SRATE (Society for Research in Application Technologies and Education)

The Department of Electronics and Communication Engineering organized Internship on Choices and Challenges for becoming an Entrepreneur delivered by P.Narasimha Rao (Member of Confederation Council of India, Former Senior Scientist DRDO, Bharatiya Yuva Shakti Trust Member). This Guest lecture is aimed to focus on "What next after Engineering, How to become an Entrepreneur and Success or Failure of Entrepreneur".

Guest Lecture on Choices and Challenges for becoming an Entrepreneur

Organized by: Society for Research in Application Technologies and Education (SRAE)

Objective: The seminar aimed to guide engineering graduates and students in exploring their career options after completing their engineering degrees. It focused on the journey of becoming an entrepreneur, the steps involved in starting a business, and the factors that contribute to the success or failure of an entrepreneurial venture. The seminar was organized by the **Society for Research in Application Technologies and Education (SRAE)** to inspire and educate future engineers and entrepreneurs.

2. Seminar Overview

The seminar, titled "**What Next After Engineering? How to Become an Entrepreneur and Success or Failure of Entrepreneurship**", was designed to help engineering graduates navigate the crucial decision of what to do after completing their engineering studies. It offered valuable insights into the world of entrepreneurship, focusing on the processes involved in starting a business, challenges faced by entrepreneurs, and the factors that influence their success or failure.

Vattikonda Subu
Principal
Bharat Institute of Engg. and Tech
Mangalpally(V), Ibrahimpatnam(M)
Ranga Reddy (Dist)-Telangana-501510

Key Focus Areas:

1. **Exploring Career Paths After Engineering:** What options do engineering graduates have besides traditional jobs?
2. **Becoming an Entrepreneur:** The steps involved in starting your own business.
3. **Challenges and Opportunities in Entrepreneurship:** Common hurdles faced by entrepreneurs and how to overcome them.
4. **Success vs. Failure of Entrepreneurial Ventures:** Key reasons why startups succeed or fail.

The seminar provided a platform for students to interact with successful entrepreneurs, industry experts, and mentors who shared their experiences and knowledge to help shape their future career paths.

3. Session Details

Session 1: What Next After Engineering? Career Options Beyond Traditional Jobs

The first session of the seminar addressed the crucial question: **What should engineering graduates do after completing their degrees?**

- **Traditional Career Paths:** Many students opt for conventional job roles in large corporations or pursue higher studies. The session discussed these options in detail, highlighting opportunities in core engineering sectors such as IT, manufacturing, construction, and civil services.
- **Exploring Alternative Career Paths:** The session also emphasized **entrepreneurship** as a viable option. Students were encouraged to think beyond traditional career choices and explore unconventional paths such as starting their own business, freelancing, or working in the growing field of **startups**.
- **Freelancing and Remote Work:** The emerging trend of freelancing in fields like **software development**, **graphic designing**, and **content creation** was discussed as an alternative career option for engineers.

This session aimed to broaden students' perspectives, helping them understand that there are numerous career avenues to explore post-engineering, with entrepreneurship standing out as a promising and dynamic choice.

Session 2: How to Become an Entrepreneur?

The second session delved into the practicalities of becoming an entrepreneur. The key takeaways included:

- **Identifying Business Ideas:** Successful businesses often start with a strong idea. The speaker emphasized the importance of identifying market gaps, customer pain points, and innovative solutions that can be scaled into business ventures.
- **Market Research and Feasibility Study:** Entrepreneurs must conduct thorough market research to assess demand, competition, and profitability. It was explained how

Vattikonda Babu
Principal
Bharat Institute of Engg. and Tech
Mangalpally(V), Ibrahimpattanam(M)
Ranga Reddy (Dist)-Telangana-501510

to conduct feasibility studies to evaluate whether a business idea can be turned into a profitable venture.

- **Planning and Strategy:** A well-thought-out **business plan** and strategy are crucial for success. Topics covered included developing a clear mission statement, financial planning, understanding customer needs, and crafting marketing and operational strategies.
- **Funding and Investment:** The session touched on various funding options available to aspiring entrepreneurs, such as **bootstrapping**, **venture capital**, **angel investors**, and government schemes or incubators. Attendees were educated on how to present their ideas effectively to potential investors and secure funding.
- **Building a Team:** The importance of building a strong, complementary team was emphasized. Entrepreneurs are not just leaders but need to surround themselves with capable professionals in areas such as finance, marketing, and product development.
- **Mentorship and Networking:** The role of mentorship and networking in an entrepreneur's journey was discussed, encouraging students to seek guidance from experienced mentors and connect with like-minded individuals in the industry.

Session 3: Success vs. Failure of Entrepreneurship

The final session focused on the reality of entrepreneurship — **success and failure**.

- **Reasons for Entrepreneurial Success:**
 - **Innovative Business Model:** The importance of innovation in creating unique value propositions for customers.
 - **Persistence and Resilience:** Successful entrepreneurs must have the persistence to weather challenges and the resilience to bounce back from failures.
 - **Customer-Centric Approach:** Focus on solving customer problems and continuously evolving the product or service based on customer feedback.
 - **Agility and Adaptability:** The ability to adapt to market changes, trends, and new technology is critical for long-term success.
- **Reasons for Entrepreneurial Failure:**
 - **Lack of Market Demand:** Many businesses fail because they do not solve a significant problem or have a poor understanding of market needs.
 - **Insufficient Capital:** Underestimating the funding required to run and scale a business can lead to cash flow problems and eventual failure.
 - **Poor Management:** Bad decision-making, lack of planning, or poor financial management can quickly derail a business.
 - **Failure to Scale:** Many startups face difficulties when trying to grow too quickly or fail to scale effectively due to operational inefficiencies.
 - **Competition and Market Dynamics:** Understanding the competitive landscape is crucial; underestimating competition can lead to failure.
- **Lessons Learned from Successful Entrepreneurs:**
 - The importance of **continuous learning**, adapting to market needs, and being open to feedback.
 - Successful entrepreneurs shared stories of overcoming early struggles, including how they built their business, managed their teams, and leveraged opportunities to grow.

- **Failure as a Stepping Stone:** The speakers emphasized that failure is not the end but a part of the learning process. Many entrepreneurs who have failed in their first attempts have gone on to succeed in subsequent ventures, armed with valuable lessons and improved strategies.

4. Interactive Sessions and Panel Discussion

The seminar also included an interactive **panel discussion** with successful entrepreneurs who shared their journey of starting a business and the lessons they learned along the way. The panel addressed key questions from the audience and provided personal insights into the challenges and rewards of entrepreneurship.

In addition, the session included an **interactive Q&A** session where participants were encouraged to ask questions about starting a business, overcoming obstacles, and how to handle the initial phases of entrepreneurship.

5. Key Takeaways from the Seminar

- **Entrepreneurship as a Career Choice:** Becoming an entrepreneur is a challenging yet rewarding journey that requires creativity, resilience, and hard work.
- **Practical Insights on Starting a Business:** The seminar provided detailed steps on how to start a business, from ideation to funding and execution.
- **Success and Failure in Entrepreneurship:** Attendees learned that while success in entrepreneurship is often driven by innovation, persistence, and customer focus, failure is an inevitable part of the journey that provides valuable lessons for future ventures.
- **Real-World Examples:** The panel discussions and real-world examples helped students understand the complexities of entrepreneurship and how to navigate them.

6. Conclusion

The seminar organized by SRATE on "**What Next After Engineering? How to Become an Entrepreneur and Success or Failure of Entrepreneurship**" was an insightful event that successfully guided engineering students towards entrepreneurship as a viable and exciting career option. The seminar not only provided valuable knowledge on how to start a business but also offered real-world insights into the challenges entrepreneurs face and how to overcome them. This event served as an important resource for students contemplating their future after engineering, equipping them with the tools and mindset required to embark on an entrepreneurial journey. The seminar concluded with a strong message: **Entrepreneurship is not for the faint-hearted, but with the right attitude, skills, and perseverance, anyone can succeed.**

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (hereinafter called as the 'MOU') is entered into on this the

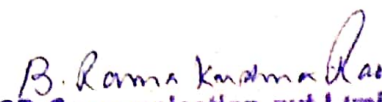

BETWEEN

Bharat Institute of Engineering and Technology, Mangalpally, Ibrahimpatnam, R.R District, Hyderabad, Telangana, the First Party represented herein by Dr.K.S Balamurugan, Assoc. Professor, Department of ECE (hereinafter referred as 'First Party', the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

AND

ACD Communications Pvt. Ltd. Cherlapally, Hyderabad, the Second Party, and represented herein by Dr.B.Ramakrishna Rao, Technical Director,

(Dr. K.S. Balamurugan)

ACD Communication pvt.Limited
Plot No. 43,IDA,Phase-I
Cherlapally, HYDERABAD 500051
phone No: 040-29707895

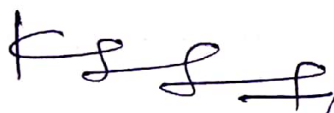

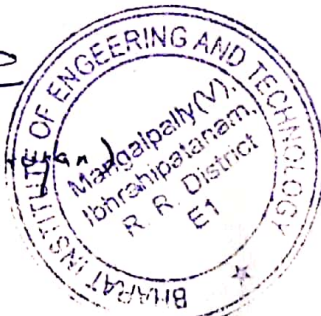

ACD Communications Pvt. Ltd. (hereinafter referred to as "Second Party", company which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

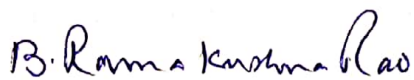

(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually as 'Party')

WHEREAS:

- A) First Party is a Higher Educational Institution named:
- i) **Bharat Institute of Engineering and Technology, Mangalpally**
- B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.
- D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interest.
- E) **ACD Communications Pvt. Ltd.** Plot No.43, IDA ,Phase-1, Cherlapally, Hyderabad-500051, the Second Party is engaged in Business, Manufacturing, Skill Development, Education and R&D Services in the fields of Antennas, Radars and Satellite related fields
- F) **ACD Communications Pvt. Ltd.** Plot No.43, IDA ,Phase-1, Cherlapally, Hyderabad-500051 and Bharat Institute of Engineering and Technology, Hyderabad – the MoU is sworn.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

(Dr. K. S. Balamurugan)

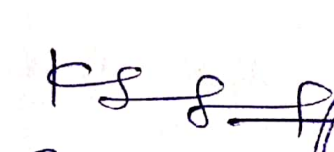

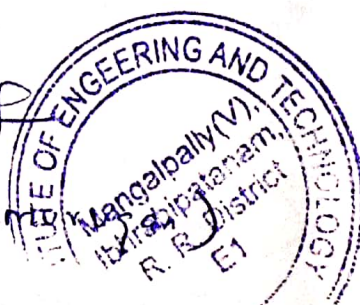

ACD Communication pvt.Limited
Plot No. 43, IDA, Phase-I
Cherlapally, HYDERABAD 500051
phone No: 040-29707895

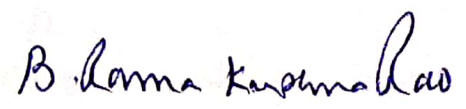

CLAUSE 1 CO-OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the **Institution** and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
- 1.3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2 SCOPE OF THE MoU

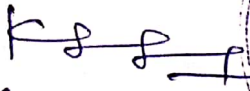

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design:** Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the

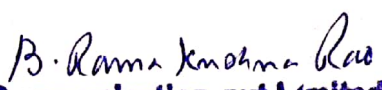

(Dr. K S Balaram)

ACD Communication pvt.Limited
Plot No. 43,IDA,Phase-I
Cherlapally,HYDERABAD500051
phone No: 040-29707895

curriculum so that the students fit into the industrial scenario meaningfully.

- 2.3 **Industrial Training & Visits:** Industry and Institution interaction will give an insight into the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.
- 2.4 **Research and Development:** Both Parties have agreed to carry out the joint research activities in the fields of wireless communication by providing hands-on implementation of making a Transceiver, conduction of workshop and HAM R&D Lab establishment in the College campus.
- 2.5 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.6 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lecturers to the students of the First Party on the technology trends and in house requirements.
- 2.7 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting industrial exposure/ training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
- 2.8 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein.

(Dr. K.S. Belamkonda)

ACD Communication pvt Limited
Plot No. 43,IDA,Phase-I
Cherlapally,HYDERABAD500051
phone No: 040-29707895.

- 2.9 There is no financial commitment on the part of the **Bharat Institute of Engineering and Technology**, the First Party to take up any program mentioned in the MoU. If there is any financial consideration, it will be dealt separately.

CLAUSE 3 INTELLECTUAL PROPERTY

- 3.1 Nothing contained in this MOU shall, by express grant, implication, Estoppels' or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

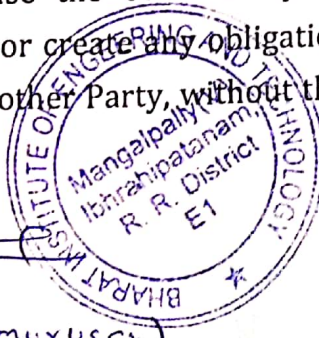

CLAUSE 4 VALIDITY

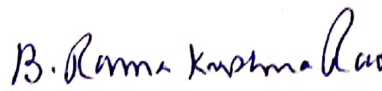

- 4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **ACD Communications Pvt. Ltd.** Cherlapally, Hyderabad, the Second Party, as the case may be, will take effective steps for implementation of this MOU. Any act on the part of **ACD Communications Pvt. Ltd.** the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MOU
- 4.2 Both Parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations

CLAUSE 5 RELATIONSHIP BETWEEN THE PARTIES

- 5.1 It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other

(Dr. K S Balaram Murthy)

ACD Communication pvt.Limited
Plot No. 43,IDA,Phase-I
Cherlapally,HYDERABAD500051
phone No: 040-29707895

Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

First Party

Second Party

Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of Hyderabad.

ACD Communication Ltd.

The Department of ECE has organized a Training Program to III B.Tech ECE students at ACD Communication Pvt Ltd.

Training Program to ACD Communication Ltd.

1. Introduction: On the date of training program, students of BIET training programed ACD Communications Pvt. Ltd., a leading company specializing in telecommunications and networking solutions. The objective of the training program was to gain practical exposure to industrial operations, understand the latest communication technologies, and bridge the gap between theoretical knowledge and practical applications.

2. About ACD Communications Pvt. Ltd.: ACD Communications Pvt. Ltd. is a reputed firm engaged in the development, manufacturing, and servicing of advanced communication systems. The company provides solutions in networking, broadband communication, and wireless technologies, catering to various industries including IT, telecommunications, and defense.

3. Objectives of the Program:

- To understand the functioning of a communication-based industrial setup.
- To learn about the latest trends in telecommunication technology.

Vatli Ramesh Babu

Principal
Bharat Institute of Engg. and Tech
Mangalpally(V), Ibrahimpatnam(M)
Ranga Reddy (Dist)-Telangana-501510

- To interact with industry professionals and gain insights into real-world applications.
- To observe the practical implementation of networking and broadband systems.

4. Program Highlights:

- **Company Overview Presentation:** The training program began with a detailed presentation by company representatives, explaining the history, mission, and vision of ACD Communications Pvt. Ltd.
- **Manufacturing and R&D Tour:** The students were taken through the manufacturing and research & development (R&D) sections, where they observed the design, development, and testing of communication devices.
- **Live Demonstration:** Various communication systems, including fiber-optic networks, wireless transmission systems, and network security solutions, were demonstrated.
- **Interaction with Experts:** Professionals from different departments engaged with students, addressing queries related to industrial standards, emerging technologies, and career prospects.
- **Safety and Quality Control Measures:** The training program also provided insights into the quality control processes and safety protocols maintained in the industry.

5. Key Learnings:

- Understanding the workflow of a communication technology company.
- Practical exposure to telecommunication equipment and networking infrastructure.
- Knowledge about advancements in broadband and wireless communication.
- Awareness of career opportunities and skill requirements in the telecommunications sector.

6. Conclusion: The industrial training program to ACD Communications Pvt. Ltd. was highly informative and enriching. It provided students with valuable insights into the telecommunication industry, bridging the gap between classroom learning and real-world applications. Such training programs play a crucial role in enhancing technical knowledge, professional networking, and career orientation.

7. Acknowledgment: We extend our sincere gratitude to ACD Communications Pvt. Ltd. for their warm hospitality and informative session. Special thanks to for their time and effort in making this training program a success. We also appreciate the support of our institution's faculty and management for organizing this educational tour.

Subject: Request for Consent of Student Project Work in the esteemed organization.

Dear Sir,

I hope this letter finds you in good health and high spirits. I am writing on behalf of Bharat Institute of Engineering & Technology to request your esteemed organization's support in providing our students with an opportunity to undertake project work under your guidance.

As part of our academic curriculum, our students are required to gain hands-on experience through industry-oriented projects that enhance their practical knowledge and prepare them for professional challenges. We believe that your organization, being a leader in relevant industry or domain, would provide an excellent platform for our students to apply their theoretical learning to real-world scenarios.

We would be grateful if you could accommodate a group of our students for project/internship work for around 3 or 4 months. We assure you that our students are highly motivated and eager to contribute meaningfully under the supervision of your experts. Additionally, we are open to discussing specific project requirements and any other formalities necessary for a smooth collaboration.

We look forward to a positive response and a fruitful association with your organization. Please let us know a convenient time for further discussions on this matter.

Thank you for your time and consideration.

Yours sincerely,

DRDL
Hyderabad

Subject: Request for Consent of Student Project Work in the esteemed organization.

Dear Sir,

I hope this letter finds you in good health and high spirits. I am writing on behalf of Bharat Institute of Engineering & Technology to request your esteemed organization's support in providing our students with an opportunity to undertake project work under your guidance.

As part of our academic curriculum, our students are required to gain hands-on experience through industry-oriented projects that enhance their practical knowledge and prepare them for professional challenges. We believe that your organization, being a leader in relevant industry or domain, would provide an excellent platform for our students to apply their theoretical learning to real-world scenarios.

We would be grateful if you could accommodate a group of our students for project/internship work for around 3 or 4 months. We assure you that our students are highly motivated and eager to contribute meaningfully under the supervision of your experts. Additionally, we are open to discussing specific project requirements and any other formalities necessary for a smooth collaboration.

We look forward to a positive response and a fruitful association with your organization. Please let us know a convenient time for further discussions on this matter.

Thank you for your time and consideration.

Yours sincerely,

Principal

CHAIRMAN IDST, C/O DLRL, HYD.

MEMORANDUM OF UNDERSTANDING

Between

INSTITUTE OF DEFENCE SCIENTISTS & TECHNOLOGISTS C/O, DLRL,
CGLINES, HYDERABAD- 500005 (hereinafter called IDST).

and

BHARAT INSTITUTE OF ENGINEERING TECHNOLOGY, MANGALPALLY,
IBRAHIMPATNAM, R.R.DIST - 501 510 (hereinafter called B.I.E.T)

1. PREAMBLE

Where as IDST is a society of Retired Defence Scientists (Regd No.S/4 5222 of 2003 registered at New Delhi) formed to extend support to DRDO organization on the ongoing scientific and technical projects. It is formed to tap the vast experience and knowledge acquired by the scientists during the course of their service.

Where as B.I.E.T is an accredited engineering institution by NBA, New Delhi engaged in imparting quality education to B.Tech and M.Tech students possessing excellent facilities for Research. B.I.E.T also has experienced faculty well versed in R&D activities.

Where as IDST described the scope of work to BIET and BIET has agreed for the bilateral co-operation for the said research work.

R102

M. J.

1

2.SCOPE OF MOU

IDST and B.I.E.T proposed bilateral co-operation in carrying out research work by undertaking a research project sanctioned to IDST by a DRDO Lab. The project envisages investigation on TIME and FREQUENCY DIFFERENCE OF ARRIVAL BASED GEO LOCATION TECHNIQUE FOR COMMUNICATION SIGNAL EMITTERS. The work involves mainly simulation and modeling using software like MATLAB,C,C++ etc.

Details of work and division of responsibilities are given in Annexure to this M.O.U.

3.DURATION OF THE PROJECT

The duration of the project is one year starting from the date of signing this MOU. The project PDC is 1st Feb 2009.

4.OPERATION AND EXECUTION OF PROJECT

Sri. G. Nagendra Rao, Retd. Scientist and Former Head of Communication Directorate at Defence Electronics Research Laboratory (DLRL) is the representative of the Institute of Defence Scientists and Technologists for execution of this project.

Prof. G. Kumaraswamy Rao and his team will represent B.I.E.T and responsible for the execution of the work.

5.FINANCIAL ARRANGEMENT

An amount of Rs. 2,50,000 (Rupees two lakhs fifty thousand only) towards technical services for this project will be paid to B.I.E.T by IDST in four installments with the payment terms as given below. The release of payments (ii), (iii), (iv) are subject to acceptance by IDST.

- (i) 25 % Advance within two months of signing MOU
- (ii) 30 % After completion of first stage viz., Time & Frequency Difference of arrival algorithm, processing
- (iii) 30 % After completion of second stage viz., Location Fix algorithm, processing
- (iv) 15 % After completion of third stage viz., conclusion of the project

The problems of financing during the project should be solved upon mutual agreement.

RIDC

127

6. RESPONSIBILITIES

Scope, division of work and responsibilities are included in annexure to this MOU.

Incase of representatives of IDST and B.I.E.T leave the organization, the Head of IDST and B.I.E.T can nominate the successors, on mutual consent.

Incase B.I.E.T desires to publish a part or full work in national/foreign journal, it should seek permission from DLRL through IDST. If objection is not received by B.I.E.T within 60 days of the request, B.I.E.T is free to publish the work.

The right to terminate the project will rest with both parties on mutual consent

7. ARBITRATION

All disputes arising out during the execution of this contract will be solved by mutual agreement. In case the disputes are not resolved the decision of the Chairman, IDST, Hyderabad branch will be final.

In witness whereof, IDST and B.I.E.T has executed this MOU as of the day and year set forth below.

Sir,

This has reference to the "Radar EW" course conducted recently by IDST(H) at BEL, Hyderabad premises. I wish to convey my deep gratefulness to you for the following expert lectures delivered by you at M/s Bharat Electronics Limited, Nacharam, Hyderabad. These talks were very well received by the course participants.

- i. Concepts of Radars & LPI Capabilities, Part I & II, on 09th Oct' 2015.
- ii. LPI Radar Vs ES Interceptor, on 17th Oct' 2015.

I would be seeking your continued support and guidance in future also for such endours.

**SUB: GUIDANCE & SUPERVISION OF B. Tech. PROJECTS FOR FINAL YEAR
ENGINEERING STUDENTS**

Dear Prof. Kumaraswamy Rao,

You will be happy to note that IDST Central Council has given its consent to our proposal to extend IDST to services to guide and supervise final year engineering students for projects for the award of B. Tech. Degree. This will facilitate IDST to contribute towards an important facet of engineering education in the country. This will also provide us an opportunity to fulfill a long felt need to highlight DRDO activities and achievements to young engineering graduates and involve many retired scientists(IDST members). into is enclosed main stream activities of IDST. A copy of guidelines for the purpose.

IDST Hyderabad will be approaching various engineering colleges to forward their requirements in respect of projects for final year engineering students for the academic year 2009-2010. IDST in consultation with engineering colleges will work out details regarding disciplines/areas/topics for the project works, number of students they would like to sponsor etc. In light above I request you to give your willingness before 15th May 2009 to undertake above task and provide the updated Bio-data as per the format enclosed. This will help us in creating a pool of scientists for the task before we approach engineering colleges.

I request for your cooperation and active participation to contribute towards quality engineering education in the country. I sincerely hope that you would accord priority for the same.

With warm regards

Encl: 1. Guidelines for IDST

2. Proforma for updated biodata

Yours sincerely

R.L.Saha

CERTIFICATE

This is to certify that the Internship done and submitted a report, titled “THERMO STRUCTURAL TEST FACILITY AND DC SERVO MOTOR” by the under mentioned Student of ELECTRICAL AND ELECTRONICS ENGINEERING, BHARATH INSTITUTE OF ENGINEERING AND TECHNOLOGY, IBRAHIMPATNAM, HYDERABAD, to Thermo-Structural Test Facility, Directorate of Flight Structures at Defence Research & Development Laboratory.

1. Mr. P KEERTHI (16E15A0217)

During this period from 17.05.2018 to 06.06.2018, he was found sincere, hard working and also took keen interest in the areas allied to his internship.

CERTIFICATE

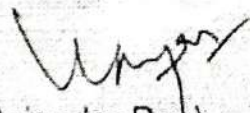

This is to certify that Mr./Ms. K EUNICE HASINI

Roll No. 15E11A0582 student of BHARAT INSTITUTE
OF ENGINEERING AND TECHNOLOGY

has successfully completed an internship programme titled "A STUDY
ON MISSILE TECHNOLOGY AND ITS SUB SYSTEMS" at Defence
Research & Development Laboratory (DRDL) for three weeks during
May, 2018 to June, 2018.

This certificate is issued at the request of the student for academic
purpose only as part of curriculum for the course of B.E/B.Tech.

Subject: Request for Consent of Student Project & Internship Work in the esteemed organization.

Dear Sir,

I hope this letter finds you in good health and high spirits. I am writing on behalf of Bharat Institute of Engineering & Technology to request your esteemed organization's support in providing our students with an opportunity to undertake project work under your guidance.

As part of our academic curriculum, our students are required to gain hands-on experience through industry-oriented projects that enhance their practical knowledge and prepare them for professional challenges. We believe that your organization, being a leader in relevant industry or domain, would provide an excellent platform for our students to apply their theoretical learning to real-world scenarios.

We would be grateful if you could accommodate a group of our students for project & internship work for 1.5/2 months. We assure you that our students are highly motivated and eager to contribute meaningfully under the supervision of your experts. Additionally, we are open to discussing specific project requirements and any other formalities necessary for a smooth collaboration.

We look forward to a positive response and a fruitful association with your organization. Please let us know a convenient time for further discussions on this matter.

Thank you for your time and consideration.

Yours sincerely,

Vetturambabu

Principal

CERTIFICATION OF PROJECT COMPLETION

Date: 04/01/2018

This is to certify that **Mr. K. SANDEEP (14E11A04B3)** is a student of **BHARAT INSTITUTE OF ENGINEERING AND TECHNOLOGY** pursuing **B.Tech., (ELECTRONICS AND COMMUNICATION ENGINEERING)** has done his project work in **"GREEN HOUSE MONITORING SYSTEM USING GSM"** during **15-07-2017 to 14-08-2017** in partial fulfillment for the award of the certificate in the degree mentioned above and that this report is a bonafide account of the project work carried out under our guidance. The student displayed analytical capability, has innovative approach to solve problems and has produced good result.

Subject: Request for Consent of Student Project/Internship Work in the esteemed organization.

Dear Sir,

I hope this letter finds you in good health and high spirits. I am writing on behalf of Bharat Institute of Engineering & Technology to request your esteemed organization's support in providing our students with an opportunity to undertake project work under your guidance.

As part of our academic curriculum, our students are required to gain hands-on experience through industry-oriented projects that enhance their practical knowledge and prepare them for professional challenges. We believe that your organization, being a leader in relevant industry or domain, would provide an excellent platform for our students to apply their theoretical learning to real-world scenarios.

We would be grateful if you could accommodate a group of our students for project work for 3 or 4 months. We assure you that our students are highly motivated and eager to contribute meaningfully under the supervision of your experts. Additionally, we are open to discussing specific project requirements and any other formalities necessary for a smooth collaboration.

We look forward to a positive response and a fruitful association with your organization. Please let us know a convenient time for further discussions on this matter.

Thank you for your time and consideration.

Yours sincerely,

Principal

MEMORANDUM OF UNDERSTANDING

Between

INSTITUTE OF DEFENCE SCIENTISTS & TECHNOLOGISTS C/O, DLRL,
CGLINES, HYDERABAD- 500005 (hereinafter called IDST).

and

BHARAT INSTITUTE OF ENGINEERING TECHNOLOGY, MANGALPALLY,
BRAHIMPATNAM, R.R.DIST - 501 510 (hereinafter called B.I.E.T)

1. PREAMBLE

Where as IDST is a society of Retired Defence Scientists (Regd No.S/4 5222 of 2003 registered at New Delhi) formed to extend support to DRDO organization on the ongoing scientific and technical projects. It is formed to tap the vast experience and knowledge acquired by the scientists during the course of their service.

Where as B.I.E.T is an accredited engineering institution by NBA, New Delhi engaged in imparting quality education to B.Tech and M.Tech students possessing excellent facilities for Research. B.I.E.T also has experienced faculty well versed in R&D activities.

Where as IDST described the scope of work to BIET and BIET has agreed for the bilateral co-operation for the said research work.

R102

M. J.

1

2.SCOPE OF MOU

IDST and B.I.E.T proposed bilateral co-operation in carrying out research work by undertaking a research project sanctioned to IDST by a DRDO Lab. The project envisages investigation on TIME and FREQUENCY DIFFERENCE OF ARRIVAL BASED GEO LOCATION TECHNIQUE FOR COMMUNICATION SIGNAL EMITTERS. The work involves mainly simulation and modeling using software like MATLAB,C,C++ etc.

Details of work and division of responsibilities are given in Annexure to this M.O.U.

3.DURATION OF THE PROJECT

The duration of the project is one year starting from the date of signing this MOU. The project PDC is 1st Feb 2009.

4.OPERATION AND EXECUTION OF PROJECT

Sri. G. Nagendra Rao, Retd. Scientist and Former Head of Communication Directorate at Defence Electronics Research Laboratory (DLRL) is the representative of the Institute of Defence Scientists and Technologists for execution of this project.

Prof. G. Kumaraswamy Rao and his team will represent B.I.E.T and responsible for the execution of the work.

5.FINANCIAL ARRANGEMENT

An amount of Rs. 2,50,000 (Rupees two lakhs fifty thousand only) towards technical services for this project will be paid to B.I.E.T by IDST in four installments with the payment terms as given below. The release of payments (ii), (iii), (iv) are subject to acceptance by IDST.

- (i) 25 % Advance within two months of signing MOU
- (ii) 30 % After completion of first stage viz., Time & Frequency Difference of arrival algorithm, processing
- (iii) 30 % After completion of second stage viz., Location Fix algorithm, processing
- (iv) 15 % After completion of third stage viz., conclusion of the project

The problems of financing during the project should be solved upon mutual agreement.

RIDC

127

6. RESPONSIBILITIES

Scope, division of work and responsibilities are included in annexure to this MOU.

Incase of representatives of IDST and B.I.E.T leave the organization, the Head of IDST and B.I.E.T can nominate the successors, on mutual consent.

Incase B.I.E.T desires to publish a part or full work in national/foreign journal, it should seek permission from DLRL through IDST. If objection is not received by B.I.E.T within 60 days of the request, B.I.E.T is free to publish the work.

The right to terminate the project will rest with both parties on mutual consent

7. ARBITRATION

All disputes arising out during the execution of this contract will be solved by mutual agreement. In case the disputes are not resolved the decision of the Chairman, IDST, Hyderabad branch will be final.

In witness whereof, IDST and B.I.E.T has executed this MOU as of the day and year set forth below.

Sir,

This has reference to the "Radar EW" course conducted recently by IDST(H) at BEL, Hyderabad premises. I wish to convey my deep gratefulness to you for the following expert lectures delivered by you at M/s Bharat Electronics Limited, Nacharam, Hyderabad. These talks were very well received by the course participants.

- i. Concepts of Radars & LPI Capabilities, Part I & II, on 09th Oct' 2015.
- ii. LPI Radar Vs ES Interceptor, on 17th Oct' 2015.

I would be seeking your continued support and guidance in future also for such endours.

**SUB: GUIDANCE & SUPERVISION OF B. Tech. PROJECTS FOR FINAL YEAR
ENGINEERING STUDENTS**

Dear Prof. Kumaraswamy Rao,

You will be happy to note that IDST Central Council has given its consent to our proposal to extend IDST to services to guide and supervise final year engineering students for projects for the award of B. Tech. Degree. This will facilitate IDST to contribute towards an important facet of engineering education in the country. This will also provide us an opportunity to fulfill a long felt need to highlight DRDO activities and achievements to young engineering graduates and involve many retired scientists(IDST members). into is enclosed main stream activities of IDST. A copy of guidelines for the purpose.

IDST Hyderabad will be approaching various engineering colleges to forward their requirements in respect of projects for final year engineering students for the academic year 2009-2010. IDST in consultation with engineering colleges will work out details regarding disciplines/areas/topics for the project works, number of students they would like to sponsor etc. In light above I request you to give your willingness before 15th May 2009 to undertake above task and provide the updated Bio-data as per the format enclosed. This will help us in creating a pool of scientists for the task before we approach engineering colleges.

I request for your cooperation and active participation to contribute towards quality engineering education in the country. I sincerely hope that you would accord priority for the same.

With warm regards

Encl: 1. Guidelines for IDST

2. Proforma for updated biodata

Yours sincerely

R.L.Saha
(Dr R.L.Saha)

Chairman

CERTIFICATE

This is to certify that the following B.Tech. Electronics and Communication Engineering (ECE) students from Bharat Institute of Engineering and Technology, affiliated to JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY, HYDERABAD has successfully completed the MINI PROJECT WORK entitled 'DC - DC Boost Converter' under my guidance and supervision. It is a bonafied work carried out by them from 3rd July 2017 to 14th July 2017.

Sl. No.	Name of the Student	Roll No.
1	CHINTHALA NAVEEN REDDY	14E11A04C8
2	GORRORU NAVANEETHA	14E11A0492
3	VINJAM SWARNA LATHA	14E11A04A7

They have completed the assigned module as per the requirements within the time frame. Their performance during the period of project work was satisfactory.

CERTIFICATE

This is to certify that the major project entitled "Electromagnetic Characterization of Radome Materials and Design of Hemispherical Radome" is a record of work carried out by M.Naveen Kumar, (14E11A04B4), in partial fulfillment of requirement for the award of degree of **Bachelor of Technology in Electronics and Communication Engineering** of "BHARAT INSTITUTION OF ENGINEERING AND TECHNOLOGY", IBHRAHIMPATNAM. Under the guidance & supervision of JOITA MUKHERJEE, Scientist 'F' at Directorate of Radar Research Centre Imarat, Hyderabad during the period from January, 2017 to April 2018. His attendance and performance during the tenure was satisfactory.

No: RCI/DRSS/ADS/STUD/26

Date: 04.04.2018

CERTIFICATE

This is to certify that following students of Bharath Institute of Engineering and Technology have completed their Major Project Work towards partial fulfilment for the award of B. Tech Degree at Research Centre Imarath (RCI), Defence Research & Development Organization, Hyderabad, during 18.01.2018 to 04.04.2018.

Students details:

Sl No	Roll No	Student Name	Father's Name	Year
1	14E11A0493	K. Sai Rishmika	K. Maniyardhan Reddy	IV Year
2	14E11A04A5	R. Rishitha	R. Sukuman Reddy	IV Year
3	14E11A04A1	M. Ramya	M. Raju Chary	IV Year

Project work details:

Project title: "Study and analysis of digital pulse compression techniques using Poly-phase codes"

Software tools used: Matlab 2017b

Software platform: Windows 7

During their tenure at RCI, their conduct was good. We wish them all the best in their future.
