NSS Stands for National Service Scheme. The main objective of the National Service Scheme as envisaged originally was service to the community, offered while undergoing instruction, in an educational institution. It was sought to arouse the social consciousness of students and provide them with the opportunity to work with the people around the educational campuses creatively and constructively and to put the education they received to concrete social use. It has been felt that the primary aim of the scheme is to enable the students to upgrade their personality and experience through community service. Every year 24th September is celebrated as NSS Day. The motto, i.e., the watchword of the NSS is “Not Me But You”. This expresses the essence of democratic living and upholds the need for selfless service and appreciation of the other man’s point of view and also to show consideration for fellow human beings. It underlines that the welfare of an individual is ultimately dependent on the welfare of the society as a whole. BHARAT INSTITUTE OF ENGINEERING AND TECHNOLOGY has been in the forefront of NSS activities. The impetus is to give the students best educational experience in order to make them responsible and productive citizens of the country. All the department students and faculty along with Directors of BIET have actively participated in the event to do cleaning the campus from main block to new building, trees planted at various places in the campus and make the program huge successful.
