A GUEST LECTURE on GENDER SENSITIZATION by Dr LAKSHMI MANTHA

Date: 04/11/2019

Guest lecture on GENDER SENSITIZATION was conducted by **DEPARTMENT OF ENGLISH**, The main aim of the lecture was to bring awareness on gender equality, securing women at workplace and educational institutions and a head start towards sensitizing the young learners.

Dr. J MADHAVI informed us about how Gender Sensitization takes place in the society, such as socialization, which includes family and society, education, media and language. This lead us to think how much a person's upbringing may affect a person's thought process. This session was very impressive, interactive and thought provoking for the students as well as faculty members where she answered all the queries put up by the students to their full satisfaction.
